

Electric door opener 12V

Article No.: AC2000

PYLOCX® Electric strike 12V

Properties

- Compatible with all PYLOCX control modules
- Suitable for all common strike plates
- Can be combined to form strike plates with latch guide (standard) without FaFix
- Can be used for both right- and left-hand versions thanks to 180° rotation during assembly
- Steel latch

Functional description

Once an opening has been signalled by the PYKEY® and control module, the electric strike opens. In de-energised mode, the PYKEY® supplies the energy for opening.
