HSL double bit retrofit bolt lock – comparable to CHUBB® model 3G112/3G117

Article No.: HSL C801X

The HSL C801X is a modular lock system that allows you to replace previous Chubb® locks with a modern high-security lock in just a few minutes. No door conversion is required. STUV offers exactly the same lock dimensions as your existing 3G112/3G317 Chubb® locks.

Properties

- The lock can be ordered with three different locking options: MK1 (night lock - double action), MK2 (four-eye principle) or MK3 (single action)

Functional description

Bolt lock for passage doors with single-turn bolt throw.
As a replacement lock for previous locks from other manufacturers.
· 1:1 replacement of previous locks from other manufacturers
· Stainless steel bolt with 20 mm throw
· Simple operation with HSL double bit key
· Keyed to different locks without a master key
