

PYKEY mobile electronic key

Article No.: PL1011

The PYKEY is used to enter the PYCODE®. The PYKEY® ensures the power supply for up to 700 openings and is rechargeable via USB.

Properties

- Opening options:
- One-time code
- Fixed PIN
- De-energised
- With fixed power supply to the lock

Functional description

After entering the code, the PYKEY® is placed on the corresponding contact point or device. The code is transmitted and the device is supplied with power for opening if necessary.

Technical data

Material	Composite materials
Surface	Rough
Colour	Dark blue
