PYKEY charging set 230V/car

Article No.: PL1011-Z-KS

With the PL1011-Z-KS charging kit, you can charge your PYKEY at any time from outlets designed for Euro plugs or in your vehicle.

Properties

- Connection options:
- 230V mains plug
- 9V car connection

Functional description

The charging cable set allows the PYKEY's internal battery to be charged from power sockets and in cars, ensuring that PYLOCX systems can be opened at any time. When the battery is fully charged, the LED on the PYKEY changes from yellow to green when the cable is plugged in.
