

PYKEY charging set 230V/car

Article No.: PL1011-Z-KS

With the PL1011-Z-KS charging set, you can charge your PYKEY® at any time from power sockets or your car.

Properties

- Connection options:
- 230V mains plug
- 9V car connection

Functional description

With the charging cable set, the internal battery of the PYKEY can be charged at sockets and in the car to ensure that PYLOCX® systems can be opened at any time. When the battery is fully charged, the PYKEY® LED changes from yellow to green when the cable is plugged in.
