

PYLOCKX® locking system for ABLOY key depot – inner diameter 33mm

Article No.: PL403X

PYLOCKX® locking insert for ABLOY key depot - inner diameter 33mm

Properties

- PYLOCKX key depot in an alternative version
- Dimensions of locking insert: Ø 33mm
- Compatible with ABLOY wall safe tubes
- No-current operation
- Opening by one-time code or fixed PIN
- Read-out opening protocol of up to 10,000 entries
- Suitable for indoor and outdoor use

Functional description

After entering the code, the PYKEY® is placed on the contact point of the device. The code is transmitted and the device is supplied with power for opening. The locking insert can be pulled out manually using the magnetic force of the PYKEY®. When the locking insert is pushed back in, it locks automatically.
