Data sheet

PYBOX 18L

Article No.: PL8018

The PYBOX protects highly sensitive data carriers, expensive IT components, valuables and documents from unauthorised access and is used thousands of times over for the secure supply chain of smart meter gateways. The PYBOX is the world's first security box to be certified by the BSI. Available in six different sizes, made of impact-resistant composite materials or aluminium, as well as a Euro pallet enclosure and trolley.

Properties

— Universally applicable transport box

— Suitable for secure supply chain

— BSI certified

— VdS certified

— Integrated PYLOCX system VdS Class 3

— Opening via one-time code or PIN

— Designed for operation without power

— Readable opening log with up to 10,000 entries

— Size 17 litres

Functional description

After entering the code, the PYKEY is placed on the contact point of the transport box. The code is transmitted and the device is supplied with power for opening. The transport box can now be opened.

Technical specifications

Material	Aluminium
