

Lock box for mechanical HSL-/SL food hatch locks

Article No.: ST 200

Stainless steel lock box to accommodate purely mechanical HSL / SL locks from the 200 series

Functional description

The lock box for inspection flaps is supplied directly to the door manufacturer by STUV and welded into the door leaf. This simplifies the installation and removal of the locks on site or for replacement purposes. In addition, the locks are correctly aligned in the door leaf. Lock box made of stainless steel to accommodate mechanical HSL / SL revision locks from the 200 series.
