

## Lock box for mechanical/electrical HSL/SL locks

Article No.: ST 300

---

Lock box made of stainless steel to accommodate mechanical and electronic HSL / SL locks from the 100 series

### Properties

- For mechanical, mechatronic and electronic HSL high-security locks
- For mechanical, mechatronic and electronic SL security locks
- Completely made of stainless steel
- Standard version with 5-metre LiYY 16 x 0.34 cable
- Cable diameter 8.7 mm, min. bending radius 130.5 mm
- For welding

### Functional description

The door manufacturer receives the lock box directly from STUV and welds it into the door leaf. This simplifies the installation and removal of the locks on site or for replacement purposes. In addition, the locks are correctly aligned in the door leaf. STUV offers a suitable lock box for almost all lock types. Only BGH locks with rod locking are installed without a pocket.
