HSL lock box for HSL C801X

Article No.: ST 911

Lock box for holding locks from the C801X series.

Properties

- For HSL C801X high-security locks
- For welding

Functional description

The door manufacturer receives the lock box directly from STUV and welds it into or onto the door leaf. This simplifies the installation and removal of the locks on the construction site or for replacement purposes. In addition, the locks are correctly aligned and tension-free. The lock box is mounted using the weld tabs provided for this purpose.
