

Screw-on folding ring shell handles

Article No.: TÛ3550

The hinged ring handles are used to operate doors in gymnasiums or sports halls, for example. They are recessed into the door leaf and do not protrude. This minimises the risk of injury.

Properties

- Steel pull and aluminium flip ring
- Flip ring handle can be turned
- Zinc-plated steel cam
- Aluminium shell and handle

Functional description

These handles are available in aluminium or steel. They are visibly screwed 4 times.
