# Mortise lock with changeover

Article No.: TS 100

The mortise locks are designed for metal tubular frame doors. Due to their small dimensions, they are often used in narrow steel doors or aluminium doors.

## Properties

- Bolt throw 1 turn 15 mm
- Forend, zinc-plated steel
- Square spindle 8 mm
- Latch and bolt flush or with 5 mm projection possible
- Forend in stainless steel on request

## Functional description

These deadbolt locks have a changeover mechanism. A profile cylinder allows the deadbolt to be locked and withdrawn, and the latch to be retracted. The locks are equipped with an 8 mm square nut.
