Mortise lock fire/smoke protection

Article No.: TS300

The mortise locks are designed for solid wood or metal doors. They are approved for fire and smoke protection doors.

Properties

- Round forend, zinc-plated steel
- For single-leaf fire doors
- Bolt throw 2 turns 22 mm
- Latch, deadbolt without projection
- Version with stainless steel forend on request
- Rust-protected internal parts for damp rooms or chemical plants on request

Functional description

These deadbolt locks have a changeover mechanism. A profile cylinder allows the deadbolt to be locked and withdrawn, and the latch to be retracted. The locks are equipped with a 9 mm square nut.
