Mortise lock with latch

Article No.: TS450

The mortise locks are equipped with a latch

Properties

- Forend, zinc-plated steel
- Latch stainless steel
- DIN right-hand/left-hand version
- Version available entirely in stainless steel

Functional description

These slam-locks can be operated without fittings. The latch can be pulled back directly from both sides of the door. They are used in doors for horse boxes, among other things.
