Bolt lock

Article No.: TS600

The mortise locks are designed for metal tubular frame doors. Due to their small dimensions, they are often used in narrow steel doors or aluminium doors.

Properties

- Forend, zinc-plated steel
- DIN right-hand/left-hand version
- Bolt throw 1 turn 21 mm
- Forend in stainless steel on request

Functional description

These bolt locks can be operated using a profile cylinder. They can be used in both left-hand and right-hand versions.
