

Mortise latch lock

Article No.: TS650

The mortise locks are designed for metal tubular frame doors. Due to their small dimensions, they are often used in narrow steel doors or aluminium doors.

Properties

- Forend design with edges
- Forend silver-coloured
- 8mm square nut
- 1-turn latch exclusion 10mm
- Nickel-plated latch
- Reversible latch

Functional description

These slam-locks can be operated using an 8 mm square spindle.

Technical data
