

Screw-on box lock with deadbolt

Article No.: TV100

The screw-on locks are designed for different applications. Due to their small dimensions, they are often used on furniture doors or garden gates.

Properties

- Steel, zinc-plated
- Key can be removed when lock is open, optionally non-removable

Functional description

These deadbolt locks are screwed onto the door leaf. They lock either to the left, right-hand version or upwards. Another variant can be fitted with two profile cylinders for different locking circuits.
