

## Adjustable door stop

Article No.: TV150

Door stops are used to prevent doors from slamming shut unintentionally.

### Properties

- Door width up to 1,200 mm
- Door height up to 2,200 mm
- Door weight up to 100 kg
- Do not use the door brake as a stopper

### Functional description

These door stops are equipped with an adjustable braking force. They remain held in any position. An end stop may be required.
