

Mammut quarter turn, AISI304, with black knob handle, low

Article No.: V03809090

The quarter turn with knob handle is a locking solution ideal for insert parts in enclosures and housings. It offers protection and reliable locking in demanding environments. Thanks to its compact design and versatile application options, it is ideal for industrial applications where safety and functionality are paramount.

Properties

- Ergonomic design for a secure handle
- Can be used in right- and left-hand versions
- Versatile (thanks to different cams)
