Sealing application profile with clamping range 1.0-3.0 EPDM

Article No.: V07800690

Sealing profiles are easy to install and ensure reliable sealing in a wide range of applications.

Properties

- High temperature spread (delta: 100°C)
- Easy installation thanks to metal clamping tape
- Improved aesthetics
- Weather resistance and durability
- Other colours available on request
- Custom lengths available on request for increased requirements

Technical specifications

Material	Foam rubber
Surface	Matt
Colour	Black
Standards	DIN EN 1.514-1
Fixing type	With clamping strap
Dimensions LxWxH	A = 50 mm, B = 180 mm, C = 30 mm, D = 30 mm
