

## VARIOFLEX cold store hinge

Article No.: VARIOFLEX2.SYSTEM

---

The new VARIOFLEX hinge system in the smart modular system enables customised and simple configuration for every requirement and need. The modular system offers a huge range of options.

### Properties

- Reduce storage costs thanks to a smart modular system
- 3D adjustability
- Load capacity up to 160 kg
- Opening angle 180°
- Available in different colours and materials
- Available in rising or non rising
- Easy and quick assembly
- Optional: Available in a flap design, as a spring variant or with a cable entry
- Latching function at 120° (rising version only)
- For doors with an offset of 49 mm or more, centre of rotation 29 mm
- Lift-off version, with anti-lift-out protection (secured 2nd storage)
- Covering caps with security
- Matching 5 and 8 mm shims

### Functional description

The Varioflex corner hinge made of stainless steel is ideal for insert parts on heavy doors or doors in very aggressive environments. By using investment casting in stainless steel, we achieve load-bearing capacities of up to 160 kg with increased corrosion resistance. In addition to design elements, you can also choose other functions from the modular system.

### Locations

- Cold room manufacturer
- Refrigerated vehicles
- Refrigerated hardware trade
- Metal/door construction
- Refrigerated door manufacturer
